Luxury Redefined

RR Global is a recognized leader in the electrical industry, with over three decades of excellence in delivering innovative solutions across more than 90 countries. With a broad portfolio that spans electrical cables and wires, magnet wires, parking solutions, consumer electricals, and various products for both domestic and industrial uses, RR Global is driven by a commitment to quality, safety, and technological advancement. Originally established as a manufacturing and export house, the company has grown with 15 state-of-the-art facilities and a workforce of over 6,000 employees. Our extensive infrastructure and dedicated workforce ensure that we meet global standards while continuously pushing the boundaries of innovation, setting benchmarks for world-class electrical solutions.

At the forefront of this success is RR Kabel, the flagship brand of RR Global, offering integrated electrical solutions across a diverse range of products, from advanced cables to fans, lighting, and electrical accessories. With a deep commitment to safety, advanced technology, and global certifications, RR Kabel continues to deliver solutions that cater to residential, commercial, and industrial needs, consistently exceeding industry standards through research-driven innovation.

Building on these core values, RR Kabel's range of wiring devices, switchgear, and general accessories combines aesthetic appeal with robust functionality. Crafted with precision and adhering to international safety standards, our switches, meticulously tested for over 300,000 operations, offer long-lasting durability and reliability. Designed to seamlessly integrate into modern spaces, these wiring devices uphold the highest standards of safety and performance, reflecting RR Kabel's ethos of quality and trust.

inspira

smart, safe, and sustainable

Welcome to INSPIRA, a premium range of switches, plates, and accessories designed for the modern home. Combining advanced technology with timeless design, INSPIRA offers unmatched safety, style and functionality. Our products meet ISI standards and feature IP20 Protection, ensuring safety with innovations like Rapid Snap Action Mechanism and childproof sockets for added peace of mind.

Crafted from recyclable polycarbonate with UV protection, INSPIRA products are durable, eco-friendly solutions that help protect the planet while enhancing your home or workspace.

With INSPIRA, experience Luxury Refined - that elevates your space.

IVAA

Welcome to IVAA, where innovation meets elegance. Featuring a unique multicurve and camber design, our plates offer a sleek and contemporary look that seamlessly integrates with any interior style. The gently curved edges and subtle contours not only reduce dust accumulation but also ensure easy maintenance, preserving their clean and visually appealing appearance effortlessly. Crafted from high-grade engineering fire-retardant plastic, each plate prioritizes safety, significantly minimizing the risk of fire and providing peace of mind for your household. Designed to endure daily use, our plates come in sizes from 1-module to 18-module, offering unparalleled versatility to suit diverse spatial needs. Whether enhancing a single room or outfitting an entire home, IVAA's Modular Plates combine durability with timeless elegance. With options like chrome-bordered plates for a modern touch or understated designs without chrome, we cater to your unique aesthetic preferences. Committed to sustainability, our eco-friendly manufacturing ensures our products are not only beautiful but also environmentally responsible. Elevate your home's interior with IVAA's Modular Plates, where every installation is a statement of quality and personal style, creating a sophisticated living environment that harmonizes safety, functionality, and elegance seamlessly.

PLATES

Discover IVAA's range of Modular Plates, expertly designed to enhance the aesthetics of your home while prioritizing safety and functionality. Crafted from engineering fire-retardant plastic, our modular plates offer a sleek and durable solution for your electrical needs. Our modular plates feature a multicurve and camber design, offering both style and practical benefits. The glossy finish not only adds a touch of elegance but also protects against dust accumulation, keeping your plates looking pristine. Our Wooden Modular Plates are crafted to complement both walls and wooden furniture, providing a seamless blend with your home's interior. These plates are made from premium fire-retardant plastic, ensuring safety and durability. The distinctive all-sides curving and glossy finish offer a refined and stylish look, making them a sophisticated choice for any room. With IVAA, safety is paramount – our plates are engineered to reduce the risk of fire, ensuring peace of mind for you and your family.

Choose from our diverse range of variants to suit your décor preferences. Whether you prefer a modern touch with chrome borders or a more understated look without chrome, we have options to complement any interior style.

Product Variants

Modular Plates: 1M to 18M - Chrome Finish

Add a touch of modern elegance to any room with our chrome-bordered modular plates. The sleek chrome detailing covers the switches, enhancing visual appeal and providing a durable finish. Perfect for contemporary homes seeking a stylish yet functional electrical solution.

Modular Plates: 1M to 18M

For those who prefer a minimalist look, our non-chrome modular plates offer a clean and understated design. Constructed from high-quality fire-retardant plastic, they ensure both safety and durability, making them a perfect choice for any interior.

Wooden Modular Plates: 1M to 18M - Chrome Finish

These plates offer a harmonious blend of classic and modern design, featuring a sleek chrome border covering the switches. The premium fire-retardant plastic ensures both safety and style. The chrome detailing adds a touch of modern elegance, making these plates a perfect choice for sophisticated interiors.

Wooden Modular Plates: 1M to 18M

Highlighting a pure and elegant look, our non-chrome wooden modular plates offer a timeless design. Made from high-quality fire-retardant plastic, they provide superior safety and easy maintenance. The design enhances their refined appearance, perfect for those who appreciate a clean, classic look that seamlessly blends with various interior décors.

Features

- Easy Installation & Removal: Provide Front Removal of Product.
- High Flame Retardant and UV Protected Material: Ensures safety and prevents decolorization.
- Dust protected Glossy Finish: Prevents Dust accommodation.
- Tests comply to ISI product standards.
- Compatible with wooden furniture application

ROCKER SWITCHES

The IVAA Rocker Switches are designed with both durability and ease of use, providing a seamless integration into any modern or traditional décor. Crafted from high-quality, fire-retardant materials. These switches not only enhance the safety of your home but also offer a universal design that fits any interior. Each switch comes with IP20 protection to prevent accidental contact with electrical live parts which ensure the safety of your family. The switches are equipped with captive screws to avoid any loss during installation, making them extremely user-friendly.

Quality/Standards

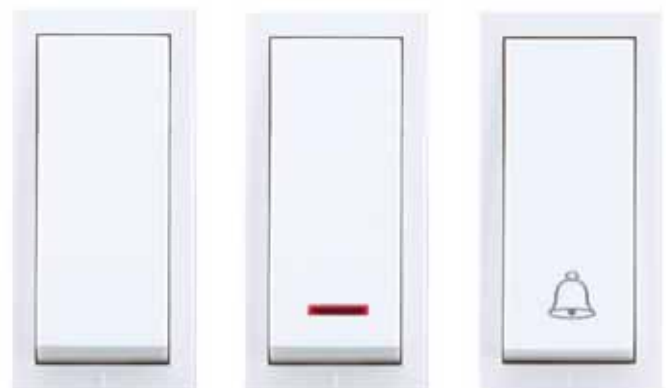

Features

- **Universal Classic Design:** A timeless design that blends with any décor.
- **Fire-retardant Material:** Provides enhanced safety.
- **IP20 Protection:** Prevents direct touch with current carrying parts.
- **Captive Screws:** Ensures no screws are lost during installation.
- **Recyclable Material:** Environmentally friendly and sustainable.

Product Variants

- 6AX ONE WAY SWITCH
- 6AX TWO WAY SWITCH
- 6AX ONE WAY SWITCH WITH INDICATOR
- 6A BELL PUSH SWITCH
- 6A BELL PUSH SWITCH WITH INDICATOR
- 16AX ONE WAY SWITCH
- 16AX TWO WAY SWITCH
- 16AX ONE WAY SWITCH WITH INDICATOR
- 32A DP SWITCH WITH INDICATOR-2M
- 6A BELL PUSH SWITCH - 2M
- 6A BELL PUSH SWITCH WITH INDICATOR - 2M

FLAT SWITCHES

The IVAA Flat Switches offer a sleek and contemporary aesthetic, perfect for modern interiors. With a flat profile, these switches add a touch of sophistication to any room while maintaining robustness and reliability. Constructed from UV and fire-retardant materials, they ensure both durability and safety. Each switch is designed with captive screws, facilitating easy and secure installation. The recyclable materials used in these switches contribute to a greener environment.

Quality/Standards

Features

- **Flat and Sleek Design:** Modern aesthetics that enhance room décor.
- **Fire-retardant and UV Protection:** Ensures long-lasting and safe use.
- **IP20 Safety:** Prevents accidental contact with electrical parts.
- **Captive Screws:** Facilitates easy installation without losing parts.
- **Recyclable Material:** Promotes environmental sustainability.

Product Variants

- 6AX ONE WAY SWITCH - FLAT
- 6AX TWO WAY SWITCH - FLAT
- 6AX ONE WAY SWITCH WITH INDICATOR - FLAT
- 6A BELL PUSH SWITCH - FLAT
- 6A BELL PUSH SWITCH WITH INDICATOR - FLAT
- 16AX ONE WAY SWITCH - FLAT
- 16AX TWO WAY SWITCH - FLAT
- 16AX ONE WAY SWITCH WITH INDICATOR - FLAT
- 32A DP SWITCH WITH INDICATOR-2M - FLAT
- 6A BELL PUSH SWITCH - 2M - FLAT
- 6A BELL PUSH SWITCH WITH INDICATOR - 2M - FLAT

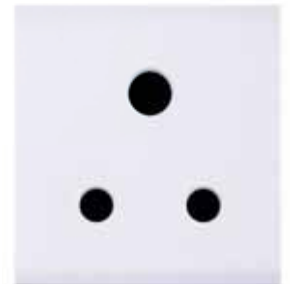

SOCKETS

IVAA Sockets are designed to provide reliable power connections for your devices, combining safety, functionality, and style. These sockets feature better grip and no loose contacts, ensuring that your plugs stay securely in place. With IP20 protection, they offer a safe environment by preventing accidental touch with current carrying parts. The use of child-proof safety shutters makes them ideal for homes with children, providing an extra layer of protection. Made from fire-retardant polycarbonate, these sockets are durable and resistant to discoloration from UV exposure.

Features

- **Better Grip with Plug:** Ensures secure and reliable connections.
- **IP20 Protection:** Prevents accidental contact with electrical parts.
- **Recyclable Material:** Eco-friendly and sustainable.
- **Child-proof Safety Shutter:** Protects children from electric shocks.
- **Chamfered Shutter:** Eases plug insertion.
- **Fire-retardant Polycarbonate Body:** Enhances safety and durability.
- **UV Protected Material:** Prevents decolorization over time.

Quality/Standards

Product Variants

- 6A 3-PIN SOCKET
- 6A/ 16A MULTI SOCKET

FAN REGULATOR

IVAA Fan Regulators offer precise control over your ceiling fans, combining smooth operation with a sleek design. These regulators are built to prevent fires with flame retardant materials and include safety capacitors. They provide noise-free performance, eliminating the humming sound commonly associated with fan regulators. The high-speed regulation and 360° rotating knob enhance user comfort and convenience. The materials used are UV protected, ensuring the product remains visually appealing without discoloration.

Features

- **Flame Retardant Material:** Prevents fire spread for increased safety.
- **IP20 Protection:** Prevents accidental touch with electrical parts.
- **Safety Capacitors:** Prevents electrical fires.
- **Noise-free Performance:** Ensures a quiet environment.
- **High-speed Regulation:** Provides efficient fan speed control with 100W.
- **360° Rotating Knob:** Offers comfortable and easy operation.
- **UV Protected Material:** Prevents decolorization over time.

Product Variants

- STEP FAN REGULATOR 1M (4 SPEED)
- STEP FAN REGULATOR 2M (5 SPEED)

ACCESSORIES

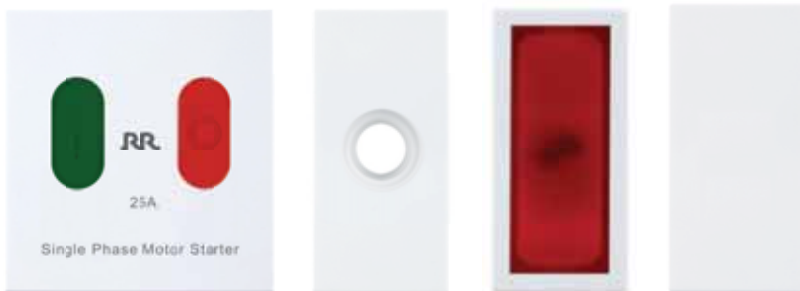

IVAA Accessories complement with our range of switches and sockets, providing additional functionality and enhancing the overall aesthetic of your space. These accessories are made from high-grade polycarbonate material, ensuring durability and long-lasting performance. They feature laser-etched markings that do not fade over time and are designed for easy installation. Whether it's motor starters, Mini-MCBs, dummy plates, or cord outlets, our accessories are built to meet your needs with high endurance and overload protection.

Features

- **Overload Protection:** Prevents damage from excessive current.
- **Anti-welding Properties:** Enhances durability and safety.
- **High Endurance Life:** Designed for long-lasting performance.
- **Laser-etched Marking:** Ensures markings remain clear and legible.
- **Easy to Install:** User-friendly design for quick installation.
- **High-grade Polycarbonate Material:** Provides strength and resilience

Product Variants

- 25A MOTOR STARTER-2M
- 1M DUMMY PLATE
- CORD OUTLET-1M
- 1M INDICATOR (RED)
- MINI MCB

COMMUNICATION MODULES

IVAA Communication Modules ensure seamless and reliable connectivity for your telecommunication needs. These modules are easy to install and made from high-grade polycarbonate material, offering durability and robustness. The telephone jack and data outlets come with shutters to protect against dust and accidental insertion, while the laser marking ensures the labels remain visible. These modules are perfect for integrating modern communication solutions into your home or office.

Features

- **Easy to Install:** Simple and quick installation process.
- **High-grade Polycarbonate Material:** Durable and robust.
- **Dust Protection:** Shutters on jacks and outlets prevent dust ingress.
- **Laser Marking:** Ensures clear and lasting labels.
- **Modern Design:** Complements contemporary interior setups.

Product Variants

- CO-AXIAL T.V. SOCKET 1 POINT
- TELEPHONE JACK RJ-11
- DATA OUTLET RJ45 CAT-6A

HOSPITALITY RANGE

IVAA's Hospitality Range is tailored to meet the specific needs of hotels and guest accommodations, offering convenience and safety. The USB Charging Socket is designed to withstand surges up to 3KV and comes with an in-built terminal block for quick and secure connections. Made from high flame-retardant and UV-protected plastic material, these sockets ensure safety and durability while providing easy and accessible charging solutions for guests.

Features

- **Surge Protection up to 3KV:** Safeguards devices from power surges.
- **Built-in Terminal Block:** Facilitates quick and secure connections.
- **High Flame Retardant and UV Protected Material:** Ensures safety and longevity.

Product Variants

- Type A USB Charging Socket

Note: All Warranty clauses is applicable for manufacturing defect only.

Warranty Terms and Conditions for products

1. The Warranty will commence from the date of purchase invoice.
2. Warranty services can be requested through the customer service department or respective retailer/dealer from whom he has purchased his Product, and must present original purchase invoice and wherever possible, the original Warranty Certificate (duly signed and stamped by the Selling Dealer)
3. In case of a manufacturing defect, the company may repair or replace the product at its discretion.
4. The warranty of repaired or replaced products will continue only for the unexpired period of the Warranty and defective products during the Warranty period are deemed the property of the Company or its Authorized Service Partner
5. There shall be no liability on the part of the Company for any delay or failure in performance caused by causes beyond its control, including the non-availability of any part, labour issues, government restrictions and regulations, public movement, war, and any other unavoidable or unforeseen circumstances, including force majeure events, especially with regards to raw materials and supplies imports
6. The Company will not be liable for economic loss, commercial loss, Consequential liability, property damage, or any other harm suffered by the customer. (liability limited to repair or replacement of product only)
7. In the event that the same product or a product with a similar design is not eligible for some unforeseeable reason, the product will be replaced with an equivalent model available at that time.

Warranty excludes or does not apply:

1. If the product is serviced or repaired by any person other than the Authorized Service Representative of the Company.
2. A damaged, erased, tampered, or modified serial number or refurbished/modified product would be invalid.
3. In the event of an accident, negligence, improper maintenance, mishandling, or tampering, incurred by the customer in transit, or attribution is attributable to the customer.
4. Any damage caused by any electrical/civil installation(s), wiring, or third-party product defect.
5. Any damage caused by unforeseeable circumstances such as a force majeure event, etc.
6. If the customer breaches the Warranty Terms and Conditions, the installation and instruction guidelines, the recommendations of the Authorized Service Representative, and/or operates the product in a manner inconsistent with the product specifications, the warranty will be Voided.
